

Our Vision

It is our vision that everyone be provided the opportunity to discover what lights them up. We support them in achieving personal goals, and create opportunities for them to contribute to their community with their developed skills and natural talents.

Creating your path!

The Dream Catchers program creates a personalized plan to not only allow you to discover what lights you up, but to help you become great at it. You can then take your personalized plan and apply it at home, in a school setting, or join us weekly to spend time with others achieving their dreams.

Steps to become a Dream Catcher

- Self discovery
- Skill development
- Community involvement

How we support you

- Participant centered
- Ability focused
- One on one support
- Community integration
